

AQUA-AEROBIC SYSTEMS, INC.  
A Metawater Company

## Get To Know Me Jay Jochheim

### **What is your new position at Aqua-Aerobic Systems?**

Design Analyst/Cost Estimator

### **Tell us a little bit about yourself and your family.**

I am from Round Lake, IL. Aside from my years away due to college, I have lived in the lake county area my whole life. I have 2 other siblings, where I am the youngest. I am always interested in hearing others experiences and look forward to working with you all!

### **What are your past education and work experiences?**

Rose-Hulman Alumni. Aside from my previous internship, my previous jobs have been a lot of odd jobs. Summer gigs, working at some IT companies/law firms, basically anything that I could do during the summers/seasonal breaks.

### **How about your hobbies and things outside of work that interest you?**

I am into a lot of the stereotypical “nerdy” hobbies. These being trading card games, TTRPGs (like DnD), model building/playing Warhammer 40K, and quite a few more. My time can get a little cramped, but I usually find time to make it work out. I also enjoy going on hikes and doing other adventurous things when I get the chance.

### **What is something that you have always wanted to do?**

Travel more and become a home owner.
