What is your new position at Aqua-Aerobic Systems?

Senior Mechanical Engineer

Tell us a little bit about yourself and your family.

My wife Natalie and I have three sons ages 9, 17, and 19. We have lived in Davis Junction for 18 years.

What are your past education and work experiences?

Prior to obtaining my Engineering Degree I worked as a mechanic or in construction for many years. My past ten years in Engineering has been focused on product development in the Agriculture and heavy construction equipment industry. I have had the opportunity to work on many unique projects. One I particularly enjoyed was designing the spillway crane that is on the Bonnet Carre' Spillway in Louisiana.

How about your hobbies and things outside of work that interest you?

I enjoy coaching flag football, teaching speed and agility, and tutoring math. Most of my time is spent with my sons or cheering them on in their various activities.

What is something that you have always wanted to do?

I have always wanted to build a custom square body pick-up.
